Global Update to the Texas Educator Certification Program Preparation Manuals

Disclaimer regarding the *Diagnostic and Statistical Manual of Mental Disorders*

The fifth edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM-5) was published in May 2013 with revisions to the criteria for the diagnosis and classifications of mental disorders. In the interest of fairness, and to allow time for educator preparation programs to integrate such changes into their curricula, test materials for this assessment will continue to reference the terminology, criteria and classifications referred to in the fourth edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM-IV-TR) until further notice.
